

Combining hand tools with a worldwide reputation for quality and performance with a stringent manufacturing process for applying insulation we believe the King Dick range of Insulated Hand Tools are the best available in the market today.

King Dick tools are manufactured to exacting quality standards. The raw materials are carefully selected to meet precise specifications. Every element of the process is closely monitored to ensure the highest quality standards are achieved.

Exacting tolerances give exceptional accuracy on wrenches and sockets where a full range of sizes in Metric, AF and Whitworth guarantees you can use the correct tool for the task in hand.

All Insulated Hand Tools are manufactured in accordance with the IEC 900 Standard and each tool has a maximum use voltage of 1000 Volts.

Our range includes the tools required by engineers, jointers and linesmen including adjustable wrenches, hacksaws, jointers knives, pliers, cable cutters, screwdrivers, ratchets, stillsons, nutspinners and link extractor tools.

We can also supply complete tool kits to individual specifications.

King Dick Tools are the choice of professionals who require high quality tools to meet their rigorous demands.

**Also available is the full range of King Dick non insulated hand tools.**

**PLEASE CONTACT US TO REQUEST THE FULL KING DICK CATALOGUE**
