

# CUTTERS FOR AL & CU CABLE

## RATCHET CUTTERS

Ratchet Cable Cutters are designed for use on Copper and Aluminium Cables and Conductors. Efficient power transmission optimises mechanical advantage. Relatively light in weight these Cutters are ideal for use in confined spaces.

**CAT. NO. RC35**  
Cuts up to 35mm dia.  
Weight: 0.9Kg  
Length: 255mm

**CAT. NO. RC52**  
Cuts up to 52mm dia.  
Weight: 1.2Kg  
Length: 340mm

**CAT. NO. RC64**  
Cuts up to 64mm dia.  
Weight: 1.7Kg  
Length: 410mm

**CAT. NO. 764**  
Cuts to 30mm dia.  
Weight: 2.4Kg  
Length: 485mm

**CAT. NO. K103**  
Cuts up to 60mm dia.  
Weight: 4.5Kg  
Length: 720mm

## MECHANICAL CABLE CUTTERS

**CAT. NO. K101/2**  
**CUTTERS WITH EXTENDABLE HANDLES**  
Cuts Aluminium and Copper Cables up to 38mm dia.  
Extendable Handles slot in where extra mechanical advantage is required  
Weight: 4.2Kg  
Length: 930mm with Handle Extensions

**CAT. NO. 704**  
**HEAVY DUTY CABLE CUTTER WITH FIBREGLASS HANDLES**  
Cuts Aluminium and Copper Cables up to 23mm dia.  
Weight: 1.4Kg  
Length: 530mm

**CAT. NO. K105/1**  
**CUTTERS WITH TELESCOPIC HANDLES**  
Cuts Aluminium and Copper Cables up to 26mm dia.  
Telescopic Handles for extra leverage  
Weight: 1.4Kg  
Length: 350mm to 520mm
