

# BUCKET LINERS & ACCESSORIES

Manufactured to the highest quality by Plastic Techniques Inc. our complete range of Bucket Accessories are designed to ease the task of the linesman when working in the confined area of an aerial basket. Plastic products are all non-conductive and provide a safer, tidier work station especially when working live on overhead lines.

## Bucket Liners

Manufactured from low density polyethylene with ultra violet inhibitor, PTI Bucket Liners are electrically tested to 50kV (70kV models also available) for one minute and come with a two year guarantee. Liners are available to suit all bucket shapes and sizes, please contact us to discuss your requirements. Standard colour is white, but other colours available, where required Liner can be ordered with moulded-in step.

## Tool Trays

Made from rugged, high density polyethylene these Tool Trays are both convenient and hard wearing. Over 25 different sizes and configurations are available. Tool Trays can be ordered with standard mounting brackets or extended brackets where bucket has a crush guard. Any Tray can be supplied with dividers to suit your requirements. The 1-TB, Shallow Tool Tray measures 19" x 8" x 8" (48cm x 20.3cm x 20.3cm) and the 5-DTB, Deep Tool Tray measures 15" x 7" x 17" (38cm x 17.8cm x 43cm).

DEEP TOOL TRAY

SHALLOW TOOL TRAY

## Canvas Tool Bags and Buckets

Buckets and Bags are made from heavy duty canvas with a solid non conductive PVC ring to maintain shape. Reinforced base ensures durability. Round Buckets come complete with a brass swivel snap hook which can be hung over bucket hook or onto line. Oval Buckets come with two plastic bucket hooks and can be hung inside or outside the bucket. Options include pockets on inside or outside.

## Hot Stick Hanging Rail

Allows storage on the bucket of awkward, long tools such as Shotgun Sticks. Can be ordered as outside or inside mount.

## Tool Organisers

Tool Organisers hang on the inside of your bucket. The boards measure 18" x 20" (45.7cm x 50.8cm) and come with tool loops, holders and pouches, bags and bit holders. Eight standard designs available or boards can be custom made.
