- 20 Minute Fast Charger
- Remote Battery Connecting Cable
- Additional Keyless Chuck
- Hammer Action
- 24V Battery 2.0Ah
- 360 Watt 31Nm Fan Cooled Motor
- Variable Speed
- Heavy Duty Steel Case

NAILEATER II AUGER BITS

The Nail Eater II range of Auger Bits are designed for improved cutting and cleaner holes. Made from super tough heated steel, they cut through nails and provide longer life. Bits have a 7/16" Hex Shank. SDS Auger Bits also available on request.

CAT. NO.	DIAMETER	LENGTH
30915	12.7mm (1/2")	460mm (18")
30919	15.9mm (5/8")	460mm (18")
30921	17.5mm (11/16")	460mm (18")
30923	19.1mm (3/4")	460mm (18")
30927	22.2mm (7/8")	460mm (18")
30931	25.4mm (1")	460mm (18")

EDR2400 ENGINE DRILL

Powered by a 23.66cc, 2-stroke engine this drill weighs just 4.7kg. It is suitable for most hole boring operations and ideal for overhead line use. It has a commercial Jacobs type drill chuck as standard or can be supplied with a keyless chuck. Handle can be adjusted for right or left handed use. The drill features an "easy" change forward and reverse gear selector.
