

CLIMBERS

SCANDINAVIAN CLIMBERS - SOLID TYPE

These Scandinavian Climbers are preferred by many Linesmen. They are lightweight, comfortable and provide a good working platform. Two sizes are available, each takes a range of pole diameters. Nylon toe straps come as standard, leather ankle straps are available as an optional extra.

CAT. NO.	DESCRIPTION	POLE DIA.	WEIGHT
R-300	Scandinavian Climbers - Solid Type	170mm to 290mm	5.3 Kg
R-400	Scandinavian Climbers - Solid Type	290mm to 420mm	5.6 Kg
CS-L	Leather Ankle Straps		

SCANDINAVIAN CLIMBERS - ADJUSTABLE TYPE

These Climbers are also available in two sizes. The arms are adjustable to fit a range of pole diameters and the foot plates are adjustable to accommodate different boot sizes.

CAT. NO.	DESCRIPTION	POLE DIA.	WEIGHT
R-180	Scandinavian Climbers - Adjustable Type	150mm to 375mm	5.6 Kg
R-181	Scandinavian Climbers - Solid Type	200mm to 450mm	6.3 Kg

KLEIN POLE CLIMBERS WITH GAFFS

Industry standard Pole Climbers are adjustable in length, 15" to 19" (381 to 483mm). Climbers come complete with replaceable gaffs, pads, calf and ankle straps which are all available as spare parts. Also available, gaff sharpening kits which include file, honing stone, gaff gauge and instructions.
